Dei Fiori
CAMPING VILLAGE ★★★★★

*A green paradise by the sea
where you can relax in peace
and rediscover the rhythm and energy of life.*

*An idea of style,
a sensory experience,
a place for friendship,
...an inexhaustible source of pleasure.*

*A window on a world
of adventures and discoveries,
rich in atmosphere and promise.*

Green paradise

The deep green tops of the pine trees and the scent of flowers transported by the sea breeze welcome you to a personal and exclusive experience of well-being.

Camping Village Dei Fiori is a 4-star tourist resort overlooking the sea, on the edge of the quiet, relaxing Venice lagoon, in the Cavallino peninsula. Set in a charming landscape that blends lush greenery and a typical Mediterranean pine forest, the village offers a unique holiday experience in total harmony with nature.

*Green
paradise*

Rediscover yourself with a holiday in this corner of paradise immersed in the green vegetation and regain a feeling of harmony with the world around you. Whether lying on the grass, sitting on a bench, or strolling along the paths between the trees, everywhere the colours and fragrant scents of flowers will fill your senses and regenerate the spirit.

Sea

*The sea, its colours, its scents.
The endless horizon where the sun
marks the hours with its rays.
The time of your holiday begins here.*

Edged by a long walkway that leads to the sea, the village overlooks a large private beach that slopes gently to the shore along a quiet stretch of coastline punctuated by long rocks standing out against the blue horizon. An ideal setting for long walks, energizing swims and relaxing sunbathing sessions.

Sea

The fine golden sand and the clear, warm sea water also make this coast a perfect place to practice water sports, and for your children to have plenty of fun. A section of the beach is set up with neat rows of umbrellas and sunbeds and is reserved for the guests of the housing units in the village.

Relaxation

*Fun, relaxation, peace
and quiet and good company.
The pleasure of finding one's
balance in everything.*

Perfectly aligned umbrellas and sunbeds, pine trees all around, the gently lapping water and the scents of the Mediterranean plants that decorate the terraces of the nearby restaurant: these are the elements forming the backdrop to the carefree days you will spend relaxing by the swimming pool.

In the heart of the village, nestled in the lush green landscape, there are three large pools with temperate water even during the low season: a semi-Olympic pool for those who enjoy a good, invigorating swim, a sloping pool for the enjoyment of families and children and a large whirlpool where you can indulge in total relaxation. Here, water is the key element for a healthy holiday.

Relaxation

Rhythm and energy

Whatever your notion of physical activity may be, here every moment of the day is the right time to get fit.

Outdoor activities: a craving that you have been feeling all year is finally within your reach on holiday. Windsurfing, swimming, diving, canoeing, beach volleyball, tennis, soccer, basketball, table tennis and mini golf: these are just some of the sports that can be practised at the Camping Village Dei Fiori.

*Rhythm
and energy*

Whether you want to maintain your keep-fit routine or take advantage of your free time to enjoy some extra workout, the Fitness Centre of the Village offers a full range of quality modern equipment, while the Fitness Club offers the possibility to choose among the many daily group activities conducted by professional instructors: aerobics, step aerobics, water aerobics, spinning, Zumba and more. For lovers of slower rhythms there are muscle toning, yoga or Pilates sessions to fill up on positive energy before a day at the beach or a fun-filled evening.

Style

Yield to the pleasure of an environment designed to both welcome and infuse well-being.

The buildings of the Camping Village Dei Fiori are harmoniously set in a natural environment that surrounds them and envelops them. The choice of materials, the outlines of the buildings, the shapes that emerge from their lush green surroundings, the carefully tended gardens define a style and an identity. The functionality of the common areas, the comfort of private spaces, modern design and attention to detail all speak of our strong commitment to offering the best accommodation experience for your holiday.

*There is always a table booked for you.
Sit comfortably and savour the genuine
goodness of local produce
prepared with the flair and the ingredients
that are typical of Italian cuisine.*

A team of passionate and creative chefs is at the guests' service to offer them the very best of local and regional Italian cuisine. From breakfast to lunch, from aperitif to dinner you will find many items to choose from an extensive menu of gastronomic delights based on fresh, locally sourced ingredients. Pastas, pizzas, baked and grilled fish, quality meat and seasonal vegetables, and finally, a large selection of traditional desserts. The restaurant area is situated at the heart of the village and includes two spacious open terraces by the pools around an American Bar, a spacious indoor dining room dominated by a large wood-burning oven for pizzas and a self-service area for a buffet lunch. Also available is take-away food to enjoy in the comfort of your own terrace or pitch, a wine bar corner with a selection of prestigious labels, and an ice cream parlour where you can get an ice cream to enjoy on a walk or enjoy refined ice-cream cups served at the table.

Dei Fiori
CAMPING VILLAGE ★★★★★

*A place for
friendship*

*A small theatre in a meadow,
a little house under the pine trees,
a soft lawn...flower beds, tables,
benches...three friendly mascots that lead
the way to a green paradise
for the exclusive use of your children.*

*A place for
friendship*

Etto the little hedgehog, Tino the Kentish plover, and Otto the hare await our youngest guests at the Kids Club at the centre of the Village where their imagination will guide them in a magical world immersed in nature. With the help of cheerful and tireless entertainers, even at the pool, at the beach or at the playground, the little guests of the Camping Village Dei Fiori will live carefree days made of games, parties, activities and lots of new friends.

Our entertainment staff has only one thing in mind: plenty of fun for your kids. Here everyone is satisfied only when, at the end of the day, the children go back to their parents with a smile.

Adventures

*You find yourself in a unique place.
The lagoon and its islands
are there for you to discover them
in their magic beauty.*

All around the village there is a wonderful territory for you to discover. The small town of Treporti is only a few minutes away, and is the perfect starting point for a tour of the most beautiful scenery of the peninsula of Cavallino. Saccagnana, Mesole and Lio Piccolo, with their ancient rural villages, are small treasures surrounded by the peaceful waters of the lagoon.

Adventures

A walk along grassy banks, a bicycle ride along roads that wind through the lagoon valleys, canoeing along the small canals between the foreshore reserves inhabited by herons and flamingos are some of the ways you can immerse yourself in this unique area.

During this adventure, in the streets, in the markets, in the excellent little restaurants of the area, visitors are always welcomed by the smiles of the local people, ready to make you savour emotions that stay in your heart. Treporti and the nearby Punta Sabbioni are also popular starting points to embark on a boat tour to the islands around Venice: Burano, with its bright colours; Torcello, with its ancient history and the magic of its landscape; Murano, with the timeless incantation of the art of glass; Sant'Erasmus, where the famous purple artichoke is grown; San Francesco del Deserto, imbued with spirituality; San Lazzaro degli Armeni, rich in culture.

The embarkation piers for the islands can be reached in a few minutes by bus. Buses stop just outside the Village.

Discoveries

*The magic of Venice,
the beautiful places inland.
A wealth of destinations with a unique
point of departure.*

What can we say about Venice, a city so unique that no description can ever do it justice? A short, lovely boat ride across the lagoon from the Punta Sabbioni embarkation point will take you to the fabulous St. Mark's Square, served by regular boat transport stopping nearby. You are indeed in the heart of the city, already immersed in a new dimension. You can get around Venice on foot, along its streets and squares, lost in admiration for the beautiful façades of the countless churches and palaces. Venice is a unique place in the world, and its art and architecture have produced admirable landmarks even in inland areas that once formed part of the Republic of Venice. With their villages perched on hills dotted with vineyards or lying on the fertile river plains, these areas are most definitely worth a trip to discover the art, the culture and local gastronomic and winemaking traditions of the Venetian territory.

Atmosphere

*After a special day
there is always a memorable evening.
Shows, musical performances
and entertainment.
Summer nights are fun and joyful.*

An aperitif by the swimming pool, an exclusive show, the irresistible rhythm of live music: the Camping Village Dei Fiori offers a wide range of evening entertainment events that you can enjoy while sitting comfortably at the restaurant table or by the lit pool. Dance performances, traditional shows, music, cabaret or dancing. Every evening has a different atmosphere and the unique magic of summer nights becomes the perfect opportunity to strike up new friendships and rediscover our most wholesome sensations.
